MEMORANDUM FOR: Don Gregg
C/PCS/LOC

DDO

FROM : 25X1
Acting Chief, Coordination and Review Staff
Office of Legislative Counsel

SUBJECT : Notification to Members of Congress of Agency
Activities Within Their District

25X1 1. I am returning the attached as it is not responsive to our request from the list provided. I can identify only the following Members:

25X1

25X1 2. The purpose of this request is to prepare an overall listing, identifying those Members of Congress in whose districts there are Agency offices. This is for the information of OLC and senior management should a flap occur or should we receive a Congressional inquiry. There is no intent to immediately turn over this information to any Member of Congress. The last paragraph of my memorandum should have made it clear that there will be no disclosure of Agency offices to any Member of Congress without close coordination with your office to discuss in full the circumstances involved. There is no possibility that an FR office would be called "out of the blue" as a result of this compilation.
